PREFACE

Each year *The Clock* has produced something that was new and exciting. This year once again the staff has dug deeply in order to give you, the students and faculty of Perry High School and the citizens of Perry Township, something of which you can be proud.

As Perry High grows older, it is becoming more and more steeped in tradition. This year's yearbook staff, with this edition of *The Clock,* unveils a coat of arms which also will become a tradition of Perry High.

Although the coat of arms will be explained in detail in the following fourteen pages, it is proper to emphasize in this preface that the most important function of the symbol is to demonstrate to the taxpayers of Perry Township that good education would not be possible without their continuous, interested, and active support.

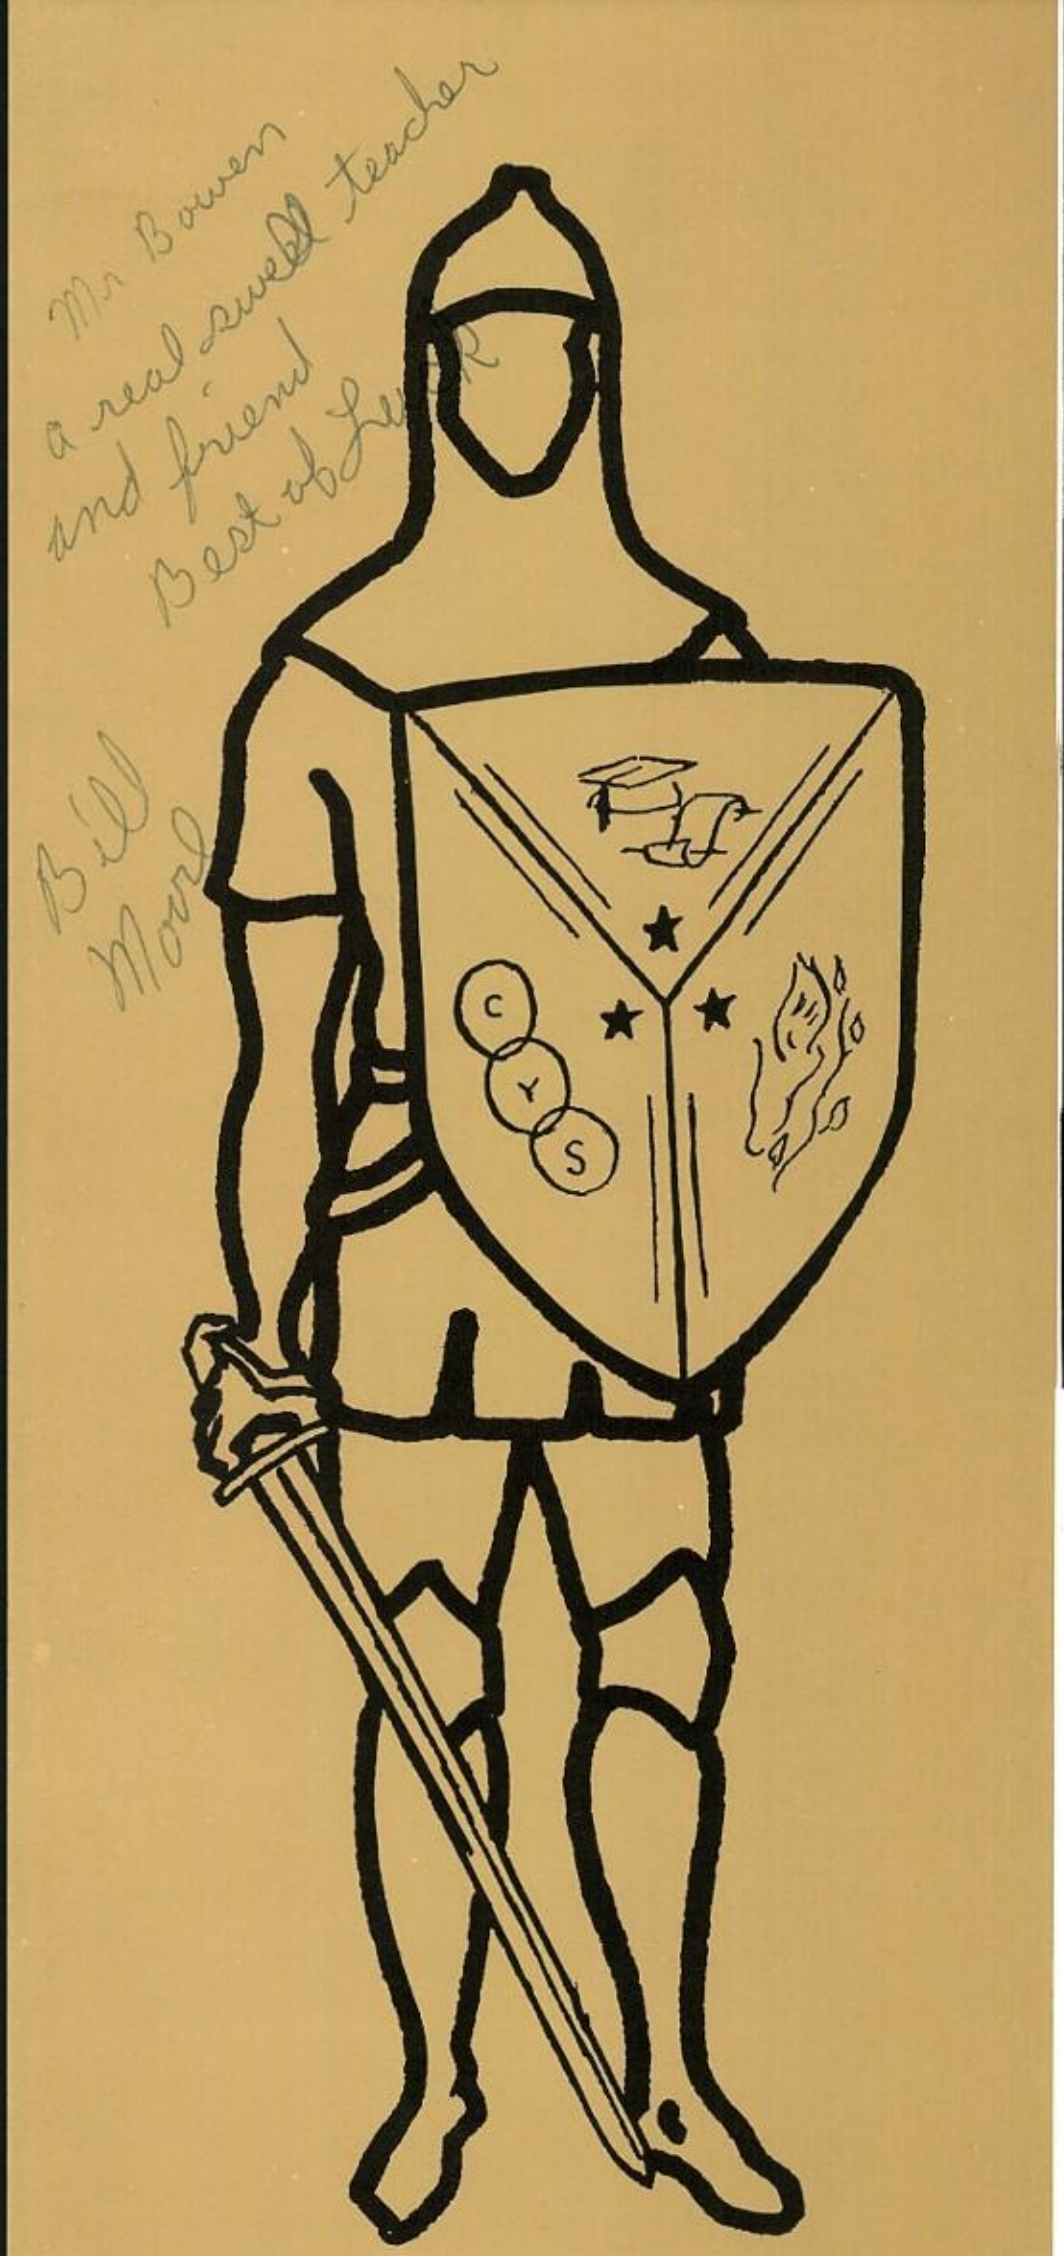
Mrs. George Elsass, Mrs. Marie Gorham, and Mrs. Gerald Hansen discuss the workings of Perry High with principal R. E. Flanders, who represents the "SCHOOL."

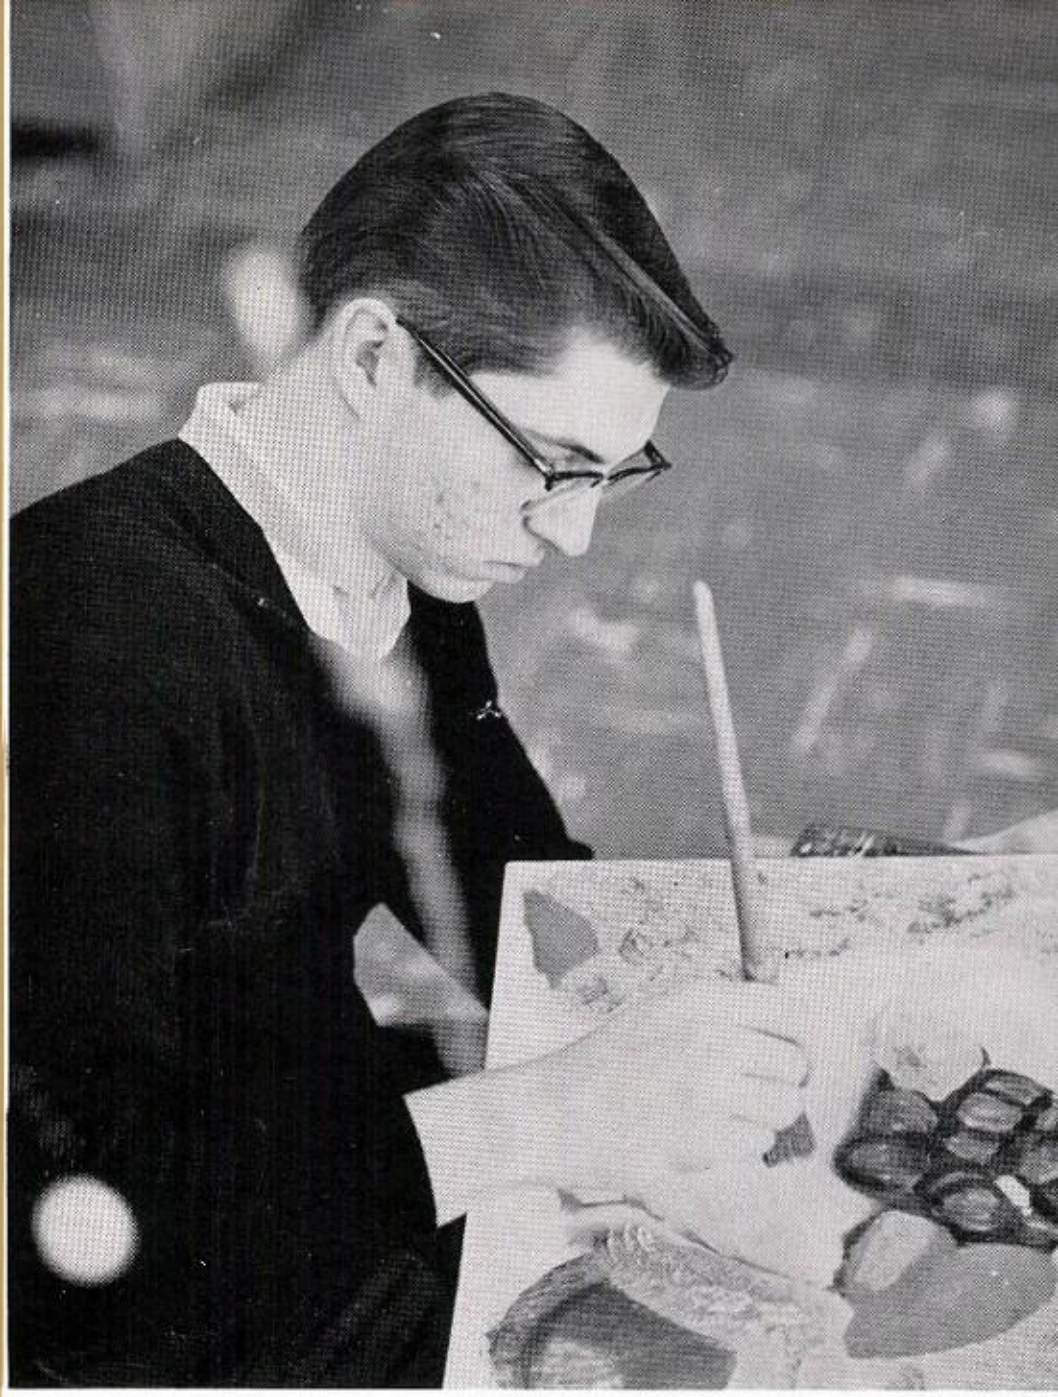
Sam Weber studies for a final exam.

Tria Iuncta In Uno

(THREE JOINED IN ONE)



Academics



Working in oils, senior Dave Kauffman, one of Perry's outstanding art students, develops his talents in an art class.

Tria Iuncta In Uno

Embossed in brilliant gold metallic on the cover of this year's Clock is a new coat of arms devised by the staff of this year's annual. After many hours of searching for an appropriate theme, the coat of arms was decided upon by the staff to be the unifying structure for this year's yearbook.

After hours of heated discussions, exchange of ideas, bitter disagreements, joyous agreements, and anxious frustrations, the staff finally decided upon a coat of arms which it felt would precisely portray all facets of the school in a simple, but tasteful manner. Designed by Clock Editor Chuck Arbuckle, the coat of arms was then given to a commercial artist who did the finished work.

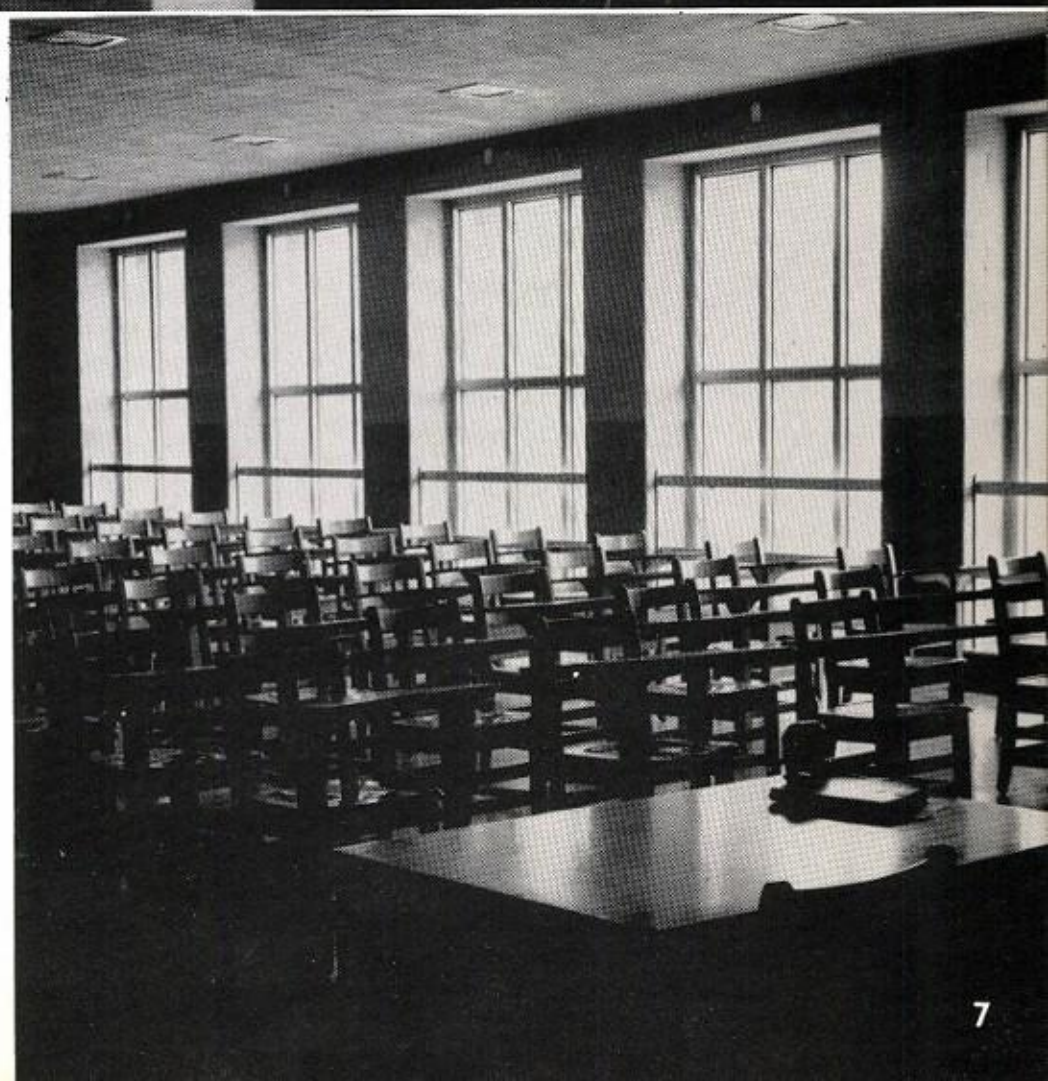
A coat of arms is a symbol of unity for a family, for a business, for an organization, or as, in this case,

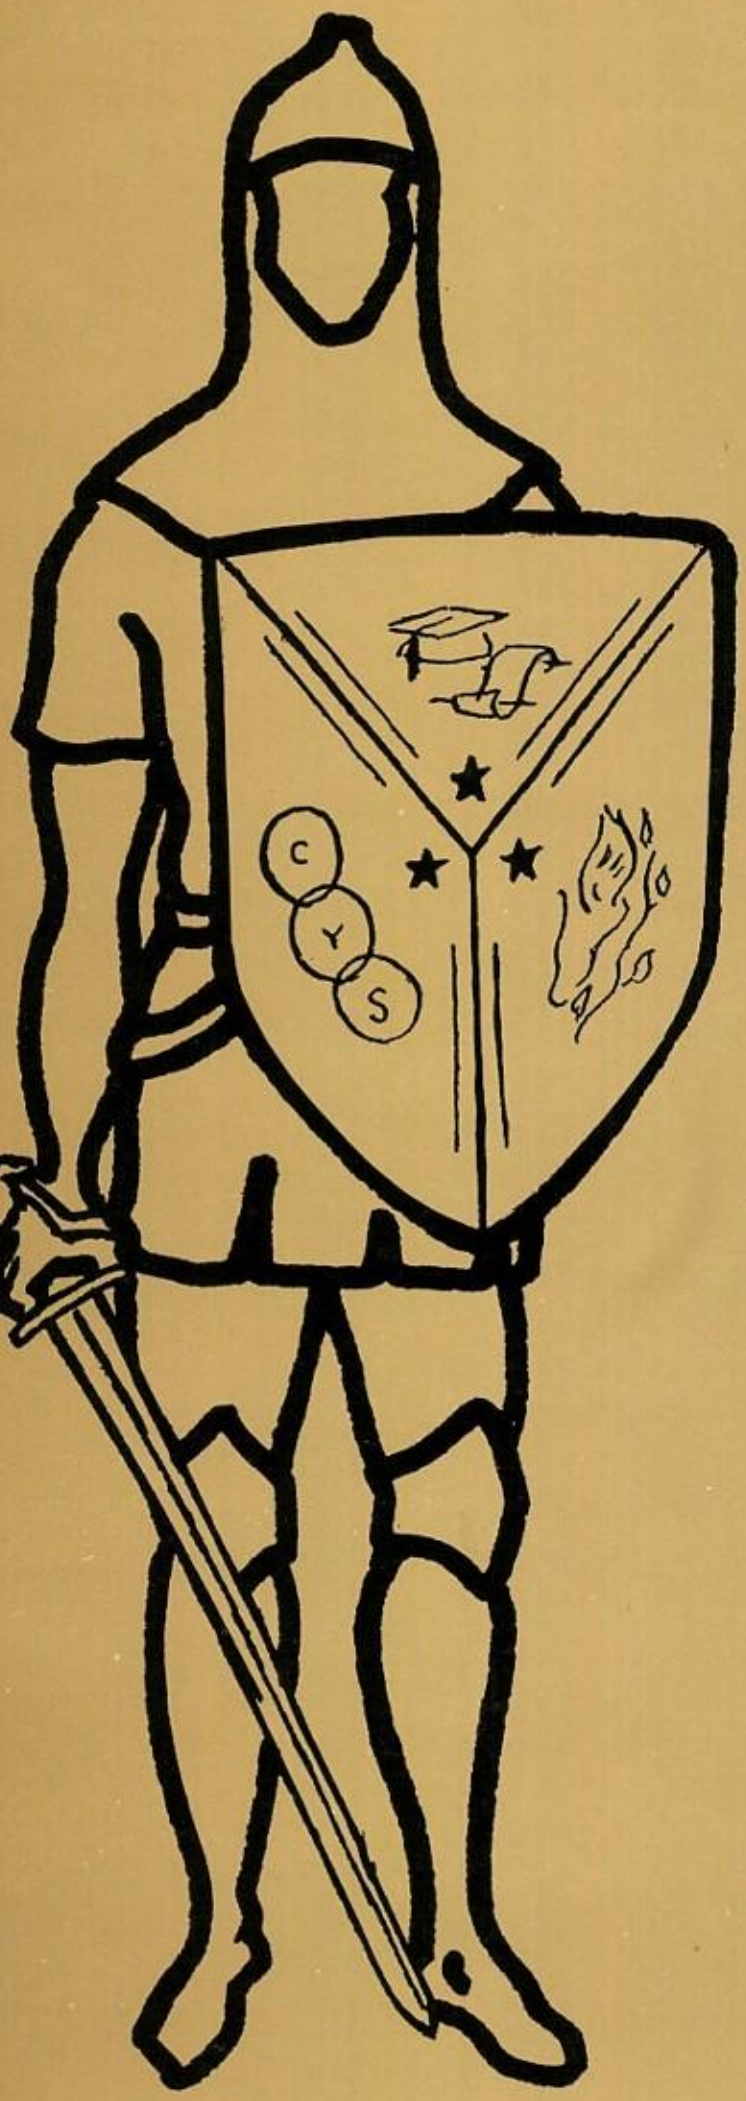
Mr. John Beach discusses an involved question with his advanced chemistry class.

Not too often is the AV study hall, Perry's largest, found in such a condition.

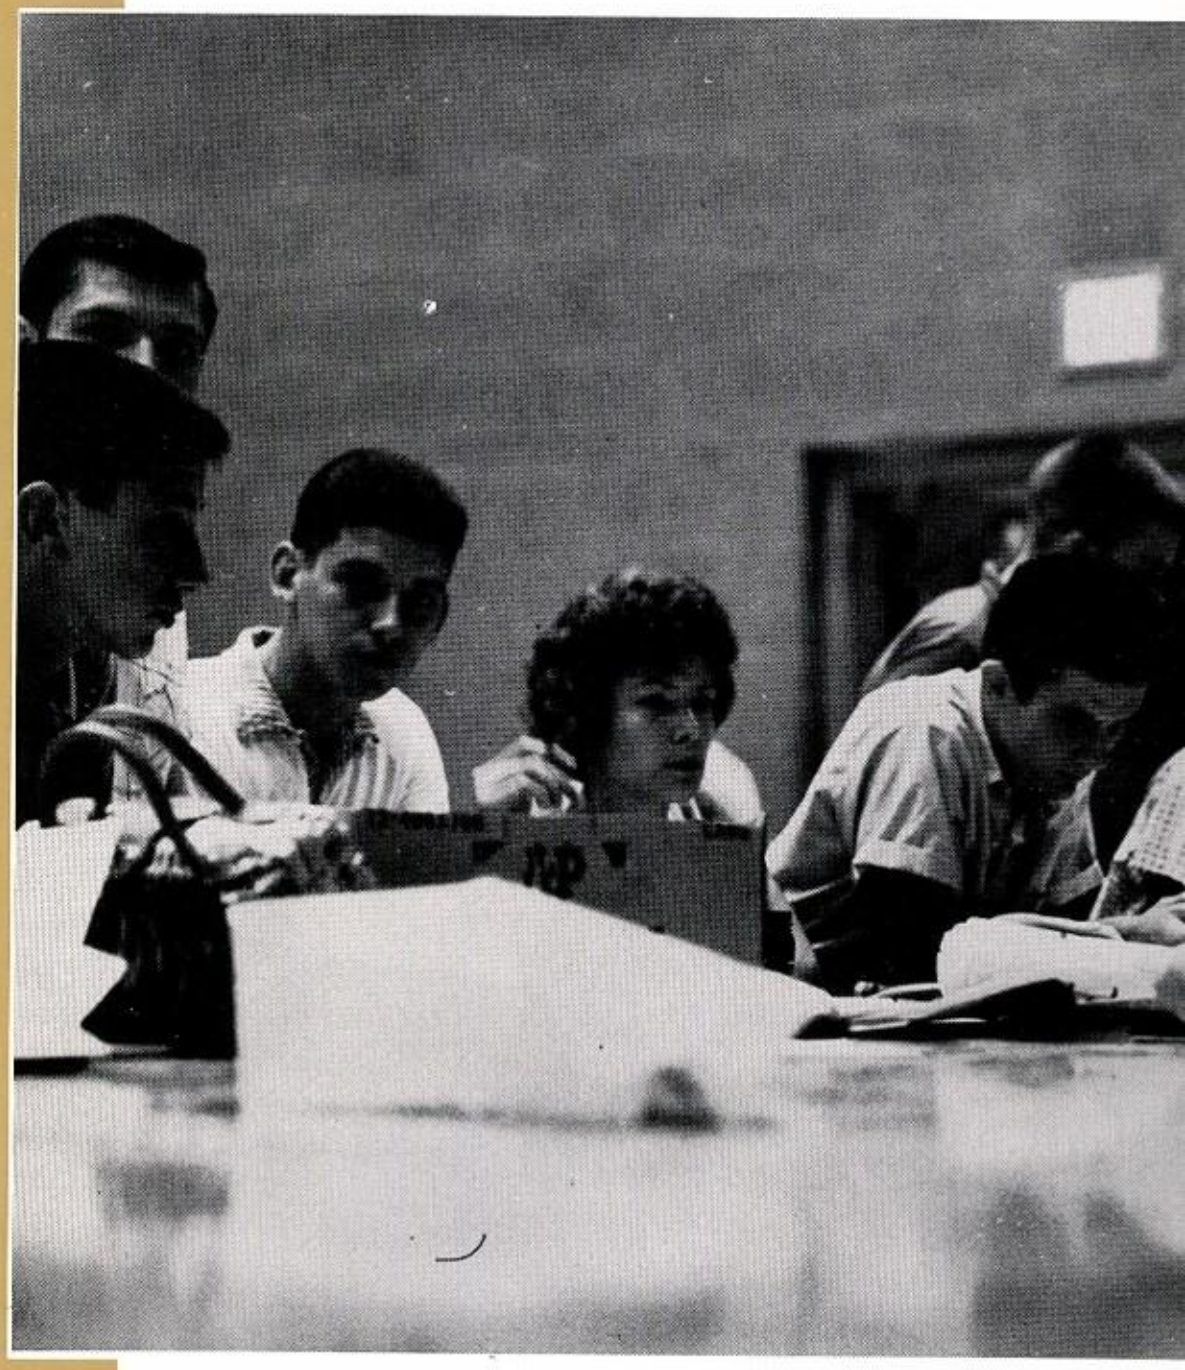
Tria Iuncta In Uno (Cont.)

for a school. If used properly, and with dignity, a coat of arms creates pride and esprit de corps. Like all coats of arms, the Perry High emblem is full of meaning which the staff feels conveys the purpose of our school to the students, faculty, and public.





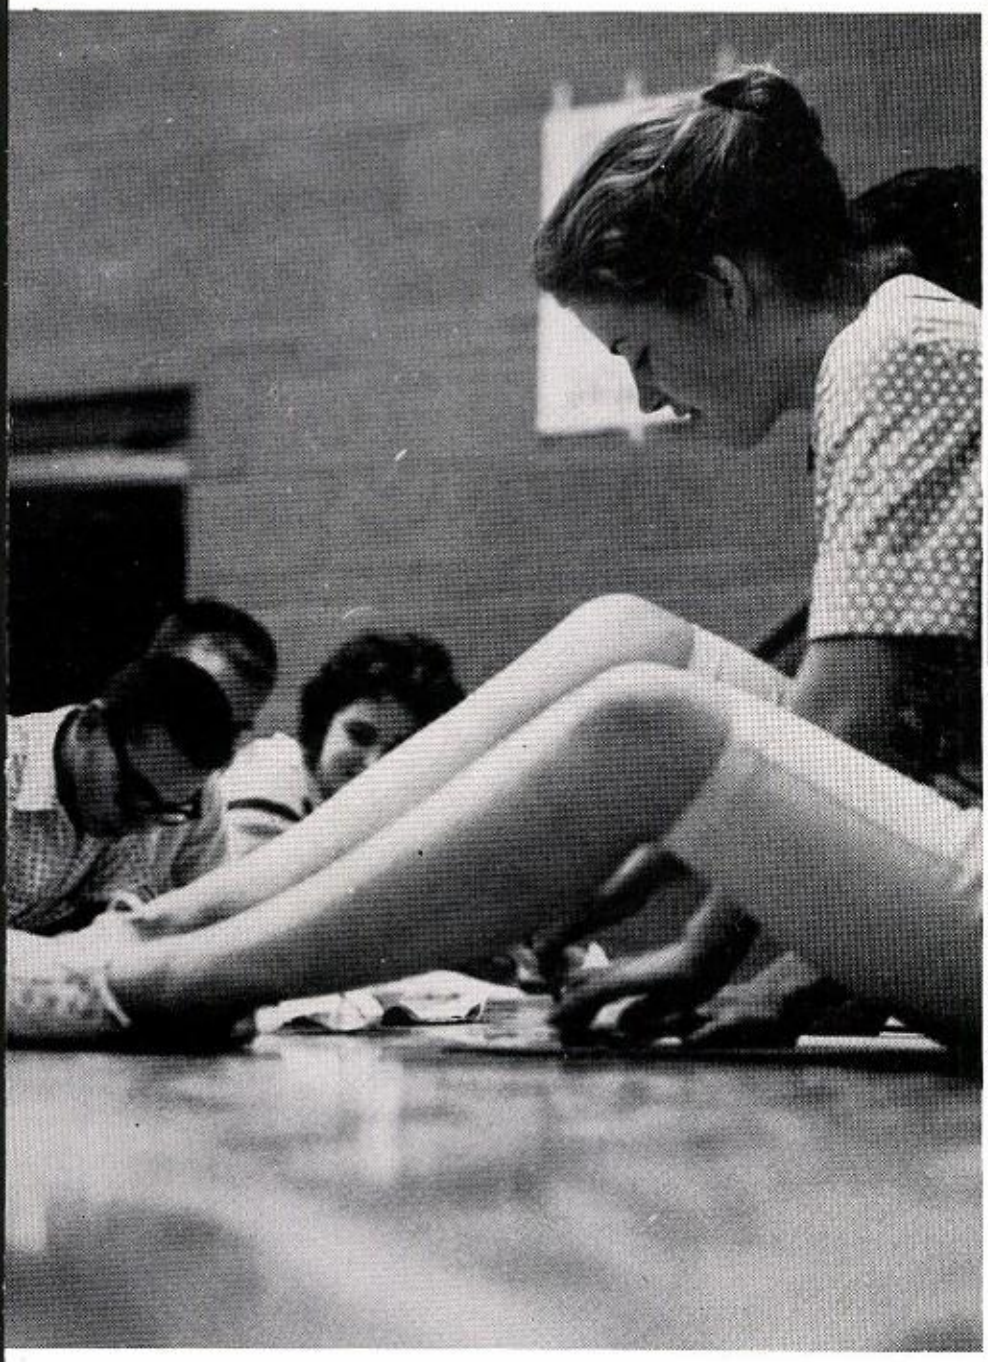
Extra-Curricular



Tria Iuncta In Uno (Cont.)

In the center of the coat of arms is a seal which is divided into three parts. Each of these three parts symbolizes an important facet of school life.

At the top of the seal are located a scroll and mortar board. Because of their position (at the top), the scroll and mortar board symbolize the most important facet of school life—ACADEMICS. Academics include all of the courses that a school offers which makes a person better intellectually, morally, physically, and culturally. This not only epitomizes the role of an academic education for a student, but the role of a good academic education in our community, state, nation, and world.



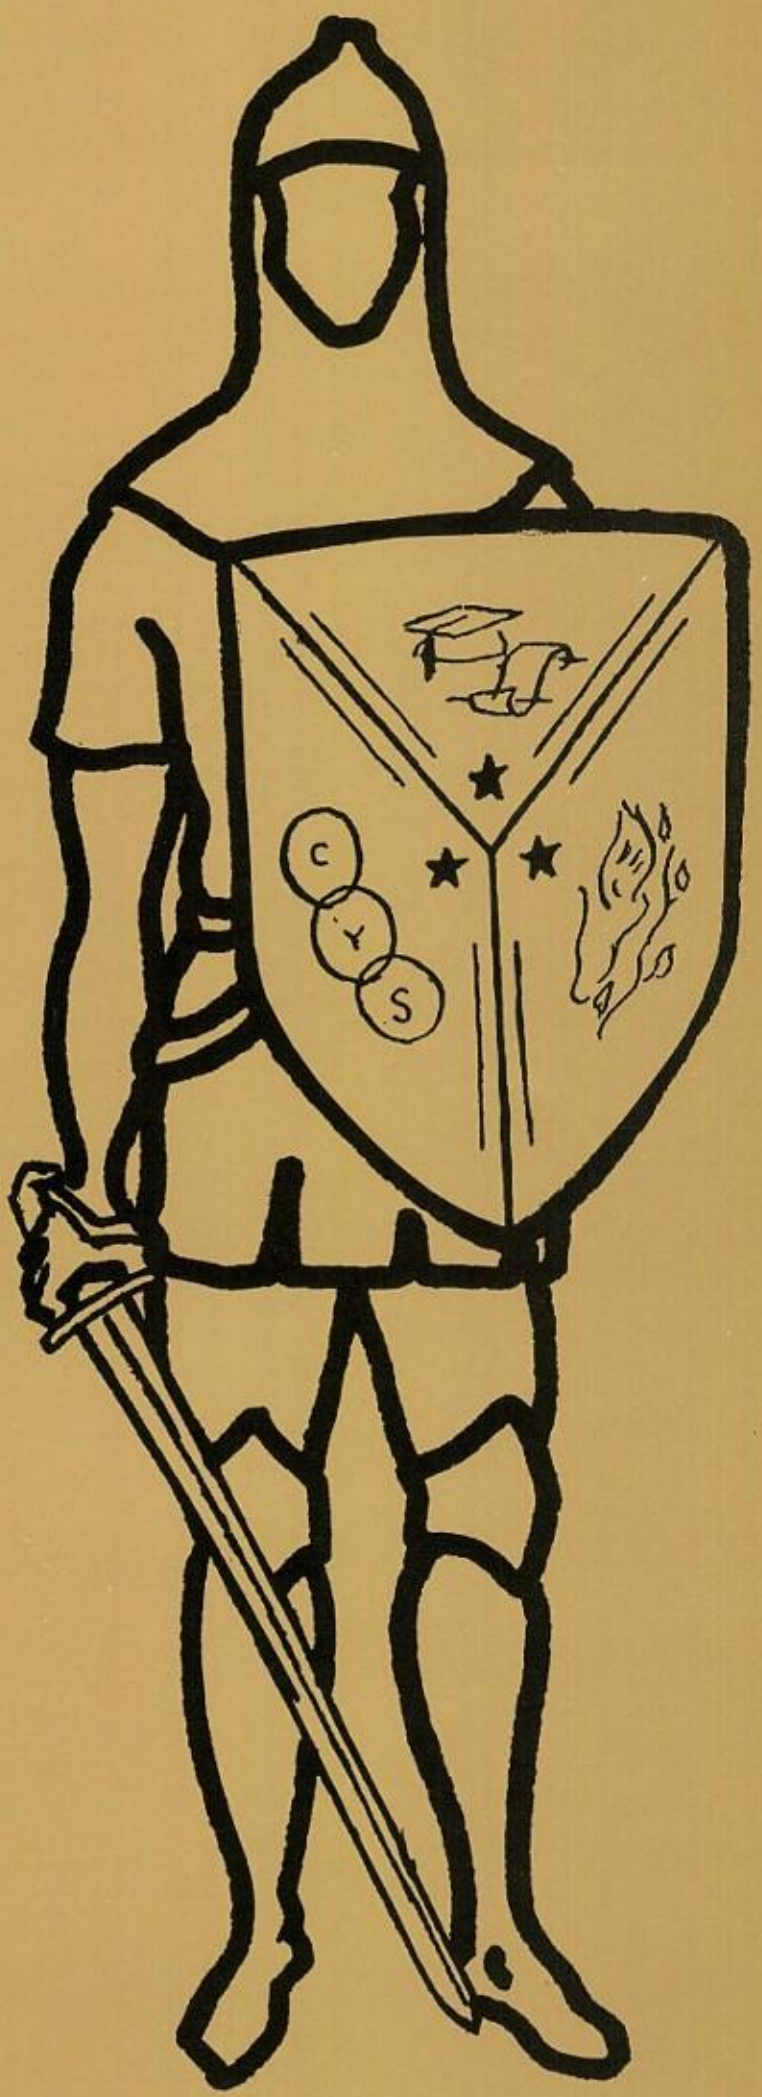
Caught in the heat of the black and white campaigns, a group of seniors concentrate on publicity in the school auditorium. They are George Zablo, Dave Kauffman, Rob Kull, Nancy Blank, Dan Frenz, Dave Essig, Jerry Lape, Jim Sabin, Connie Noble, and Carol Kelch.

Juniors Steve Sutton and Ralph Morris perform one of the many services of Key Club members as they raise the flag on the school grounds. Key Club is a subdivision of the Perry Kiwanis organization.

Tria Iuncta In Uno (Cont.)

At the lower right portion of the seal are found a winged foot and an olive branch . . . The symbol for EXTRA-CURRICULAR activities. The winged foot is a symbol of all athletics, and the olive branch, a traditional symbol of peace and harmony, is our symbol for all clubs and organizations at Perry High. From these two activities the student learns the meaning of cooperation, harmony, teamwork, and service. This section of the seal envelopes all activities that do not occur in the formal classroom. Student activities of this nature often carry over into later life and make his life rich and and more meaningful.

To be completely realistic about the seal, the lower left portion is equally important as the other two. This section symbolizes THE COMMUNITY, YOU AND THE SCHOOL. The three never-ending circles portray the relationship of the school to the community, the



Community
You
School

Perry citizens are very interested in every aspect of their school. Here Rev. and Mrs. Marvin Leist "attentively" watch the Glenwood-Perry football game.

Tria Iuncta In Uno (Cont.)

community to the school, and you, the student, to the community and the school. Without any one of the three the other two aren't possible. A school and its students depend upon the community's citizens for their continued support and existence.

In each part of the seal is a star. These stars represent the highlights that occur in each of the three portions of the emblem and each part of school life.

In the lower part of the coat of arms are two panthers, the date 1955 and the Latin saying "Tria Iuncta In Uno." The panthers, naturally, are the school's mascots. The date 1955 shows when the construction of the school began.

Mrs. Ed Halter daintily selects a pastry served to her by senior Nancy Angle in the Home Economics department. Mrs. Evelyn McNutt seems pleased by the goings-on.

Tria Iuncta In Uno (Cont.)

Tria Iuncta In Uno . . . What could be a more appropriate binding statement than "Tria Iuncta In Uno" which means, "Three Joined In One." ACADEMICS, EXTRA-CURRICULAR, and THE COMMUNITY, YOU AND THE SCHOOL, the three facets of the coat of arms, have one goal—the education of the youth of Perry Township. What could be more fitting?

A quartet of adults who actively participate in the choir parents organization listen to Miss Sandra Schlub explain what will be included in the Christmas Choral program. Adults are George Edwards, Dr. Robert Allison, Mrs. Douglas, and Mr. Arthur Blank.

DEDICATION — RON ARCHIBALD

Guts! Determination! Drive! Ambition! Initiative! Fortitude!

That these words be used in the dedication of a yearbook seems as out of place as a ballerina on a football field. For the above words are generally used to describe athletes or soldiers in modern American newspapers. Seldom have those words been used to describe the dedicatee of a yearbook.

This year's Clock dedicatee typifies the multitude of Perry Township citizens who have displayed a similar deeply sincere interest in our schools and their students. Like William Rolland, Arthur Blank, John Frenz Jr., Ed Halter and the many others who at one time presided over our school adult organizations, this year's dedicatee is also a leader. For he is now vice-president of the Adult Booster Club.

But more important to the members of the Perry Local School district, this year's dedicatee shouldered a task that was gargantuan in size and successful in every respect. He created, initiated, and saw through its completion the Investment In Youth project which received acclaim from local and national VIP's. (J. Edgar Hoover, FBI head, considered the endeavor sufficiently worthy to write a letter commending the project.)

The Investment In Youth Project was initiated primarily to complete the physical facilities of the football stadium which got its first seats from another adult organization, The Booster Club. However, the endeavor set its sights on higher goals than just assisting athletics — it aimed to help, in some way, all schools in the district. And the program did just that!

Two thousand stadium seats, a press box and a refreshment stand (for the band parents) were erected on the Perry High athletic field; cash allotments were given to Genoa, Lohr, Reedurban, Richville, Watson, and Whipple elementary schools; equipment was purchased for the athletic department, junior high school and senior high school bands, and choir. The Booster club received money to help pay for the original seats which were purchased before the construction of the new stadium; and the publications department was presented with a much needed photographic enlarger. The total amount raised (all of which was given to the schools in the community) was $22,000, $8,200 of which was raised in the community.

Because of his devoted interest in the Perry district schools and their students and his unselfish desire to help the community, the 1962 Clock staff proudly dedicates this book to Mr. Ron Archibald.

Connie would have been graduated with the Class of 1962, but on October 26, 1959, she died of leukemia. Connie was enrolled in the Commercial course.

THE FACES OF A STUDENT are many. In these two pictures senior Karen Harn shows herself as a deeply pensive girl; in the other she shows herself as a vivacious ham as she models for Linda Poth, Sue Delap, and Mr. Louis Mattachione.

I can truthfully say that
I have learned more math in
one year under you than I learned
in the two previous years. But you are
not only a fine teacher, but a true
friend to your students. Your
willingness to work for them
certainly means a lot. Gratefully
yours

Extra-Curricular Activities Round Out School Life

Extra-curricular activities, the second main division of the seal, includes all organizations for which students do not receive academic credit. These organizations help students to satisfy the avocational knowledge and experience in many vocational fields.

Perry this year offered its students seventeen well organized clubs, as well as several honor organizations.

ART CLUB

The art club was composed of students who wished to further their knowledge of art and

develop their artistic talents. Meetings were spent making posters, painting, sketching, or planning a special project.

Among this year's projects were the decorating of store windows at the Lake Plaza Shopping Center for which the club received $25 and the annual art show at the end of the year. Chuck Arbuckle was president and Mrs. Gennett and Mr. Bellinski were advisors.

AV

While dedicating their time and services to school and community organizations and projects, the boys of the audio-visual club learned the skills of operating and maintaining projection and sound equipment.

Interest in the club was stimulated by the development of new ideas and ways of projection.

year, the organization did not have the money to purchase any new equipment for the school as it did in past years. However, both equipment and records were contributed to the school for use on the football field and in the language arts department.

BAND

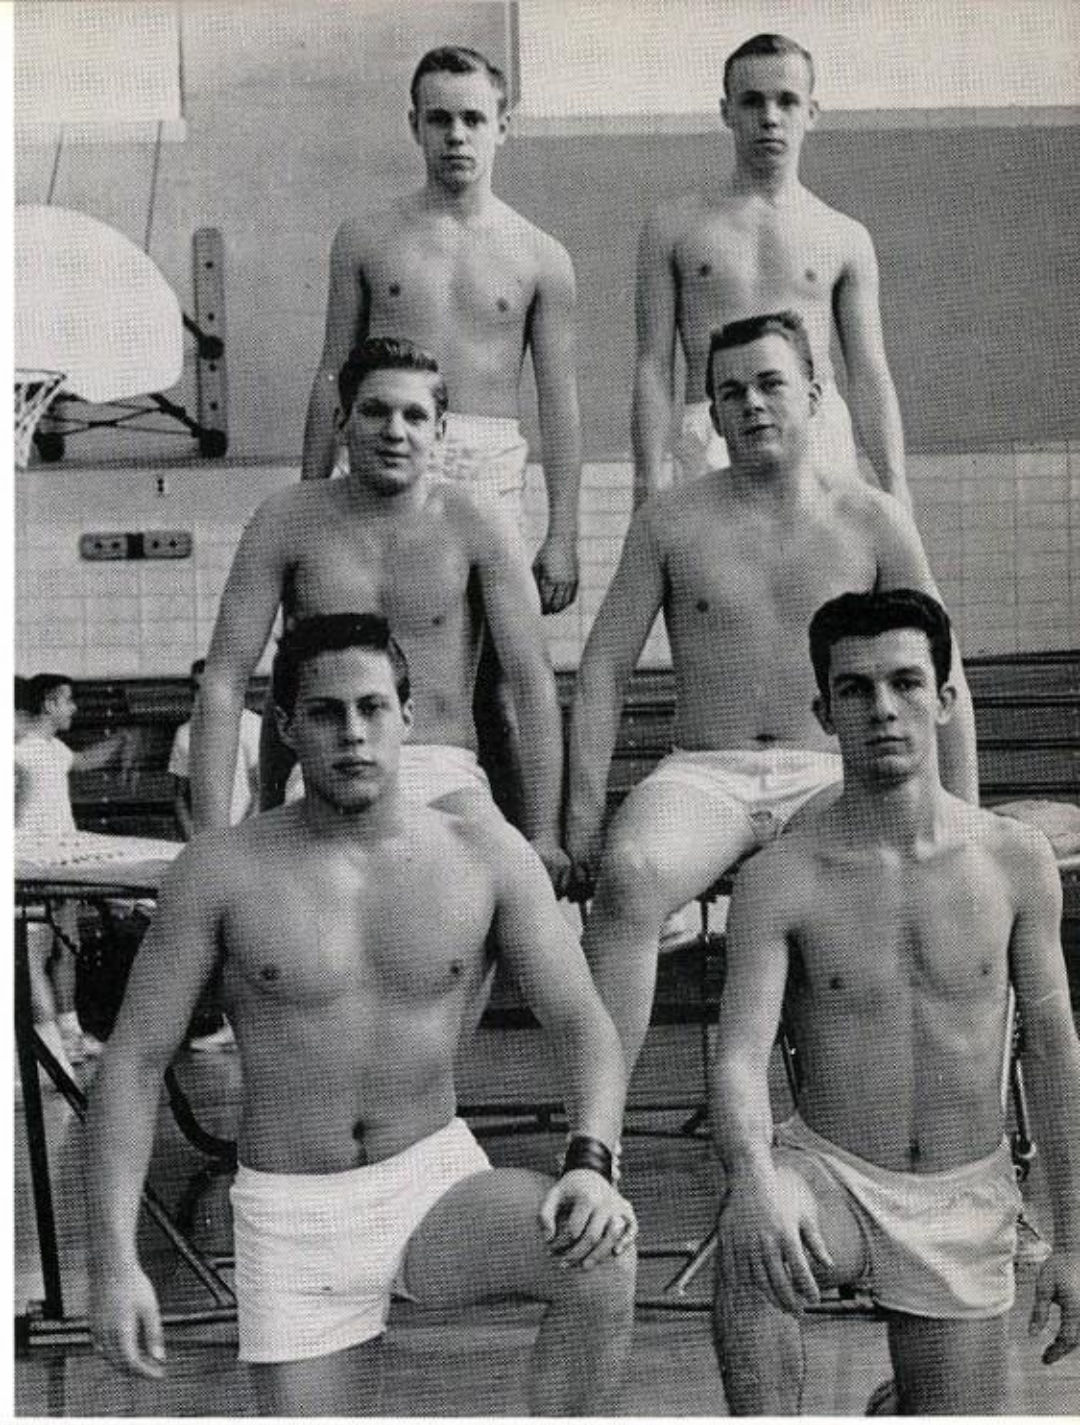
Although this year's Perry Band was slightly handicapped because of size, it again dazzled football audiences with its snappy half-time performances. Under the direction of Mr. William Iams and student director-president Bruce Johnson, the band proved that quality not quantity counts.

BOOKENDS plan their annual Christmas party which was held in the library. The organization members each have specific duties to perform.

Extra-Curricular (Cont.)

During the past year the band's activities included many snappy half-time shows, parades, and pep rallies; it also provided the music for the graduation exercises and two fine concerts.

Janet McClintock was again the recipient of the award given for selling community birthday calendars, a project sponsored by the Band Parent Organization.



BOYS' LEADERS (kneeling) Rich Hahn, Dan Frenz, Dick Palmer, Jerry Updegraff, Jerry Murphy, and John Murphy take five while their class does individual exercises.

the pinning ceremony held in the spring. Perhaps, the most significant activity, however, was the presentation of a scholarship at the senior assembly to one of their senior members to help her with nursing school expenses.

FUTURE TEACHERS

The aid of the Future Teachers of America was to better acquaint the students with the teaching profession. Under the excellent leadership of president Peggy Kropf and advisor Mr. Jack Bowen, this organization, sponsored by the Ohio Education Association, offered its members a view of the goals and advantages of teaching as well as valuable on-the-job experience. Members visited the Perry Township elementary schools to take over classes for a day. At the meetings guest speakers and educational films were often featured.

Activities sponsored by the organization included the Christmas Formal and the annual black and white game. Sue Beswick served as president and Mrs. Barbara Bussard as advisor.

GIRLS LEADERS

Girls who were interested in advanced physical education and had completed their two years' required gym, were eligible for membership in Girls Leaders. The members of this organization were very helpful in assisting Mrs. Barbara Bussard with her gym classes.

NATIONAL HONOR SOCIETY

One of the greatest honors that can be bestowed upon a student at Perry High School is induction into the National Honor Society. To be eligible for this honor a student must be of junior or senior standing and must excel in scholarship (a B average or better is required), character, service, and leadership.

The organization sponsored several important events during the year. These included the pep rally to present the basketball queen candidates, the dance held in her honor, and the induction service in the spring followed by a tea for the new members and their parents.

PERRY PLAYERS officers Kent Harbison, Kathy Ledger, John Gorby, Alice Sherlock, and Judy Varge prepare to initiate members into the newly formed parent speech organization.

Prospective members of the Perry Players wait in line to be initiated while Jerry Updegraff, sergeant-at-arms, guards the door while four are being initiated.

This year's president was Jurgen Dominik and the advisors were Miss Doris Wood and Mr. Robert Burris.

PBX

Because of the assistance of the girls in PBX the school secretaries found their jobs a little less difficult. The girls help the secretaries in the high school office by answering the telephone calls, delivering messages, and such other duties as greeting callers. Each girl learns to operate the office machines, experience which may prove to be very valuable in their future careers.

PANTHER'S VIEW

Without a doubt, the staff of this year's Panther's View was faced with a gigantic task—

that of following in the footsteps of last year's staff which received the "BEST PAPER" award at the Kent State University journalism clinic.

Under the capable leadership of senior Don Splittorf, the staff adequately met this obligation as they once again received recognition at Kent and also captured the Quill and Scroll award.

Receiving special interest by readers were the Pop Panther and "occupation" columns. Popsie, the phantom columnist, created tremendous controversy with his remarks about Perry students. The "occupation" series was newly instituted this

year and featured a different vocation every issue.

Excellent coverage of sports events and school activities was another of the paper's assets, as the staff continued to bring honor to the school and raise its prestige.

PERRY PLAYERS

Under the leadership of Mr. Lou E. Mattachione an addition was made to Perry's club roster. Perry Players, a consolidation of all students interested in speech and speech activities, became the largest club at Perry High. Players is a sort of "central government" for the different speech department clubs: Radio Broadcasting, Thespians, and National Forensic League.

The major goal of the department, an affiliate membership in the National Forensic League, was recognized early in March when the necessary 1,000 points were accumulated. To be a member of this honorary society, a student must collect 25 points by attending speech and debate contests and be in the upper one third of his class.

Devotions and announcements are given every morning by the members of the Radio Broadcasting Club. The members also attend the broadcasting contest held annually in Columbus.

The national honorary society, Thespians, has an active chapter at Perry. Eligibility for membership includes better than average grades, ten points accumulated through work in plays or on crews, and membership in Perry Players.

"On Borrowed Time" presented on October 17 and 18, and "The Great Sebastians," presented on March 23, and '24, were the major productions of Perry Players this year. Open to students from any class, both fulfilled the purpose of Players: to promote speech and speech activities in the school and in the community.

QUILL AND SCROLL

Annual and newspaper staff members who achieved excellence in their respective fields were rewarded with membership in Quill and Scroll, the national honorary society for high school journalists.

Membership is based on amount of service and quality of work. Certain standards are set up on national basis to be met by all students striving for membership; locally each annual staff member must sell at least $100 worth of advertising and be an active worker; newspaper staff members must have 100 column inches of print to their credit. Only juniors and seniors who have a "B" average or better are eligible.

The purpose of Quill and Scroll is to raise the standards of publications in the high school by giving incentive to the students who work on the newspaper and annual staffs.

Throughout the year the organization holds various clinics and contests for high school journalists.

Advisors for the Perry High chapter of the society are Pat F. Mattachione, and Evelyn McNutt. Don Splittorf is president.

YEARBOOK

Once again the members of the annual staff had a great task before them. They had to produce a better book than ever before in an attempt to capture that illusive All-American rating.

This year the staff presented the school and student body with something besides a terrific book. This was something more significant, more

permanent. It was a new emblem, depicting the many aspects and phases of life at Perry High School.

The members of the 1962 annual staff sincerely hope that the students of Perry enjoy this book and new seal as much as they enjoyed putting them together.

EXECUTIVE COUNCIL

To take the place of an inactive Student Council, the Executive Council, composed of all class officers, was formed; included in the membership was Roger Hoffman, president of the defunct Student Council.

Government by the students through the establishment and promotion of leadership and policy was the main purpose of the Executive Council. Being a new organization, it had a hard time getting started, but the future outlook for this innovation is bright.

Robert E. Flanders, principal, and Frank Mulvaney, assistant principal, are co-advisors for the Executive Council.

Diamonders Nab Tie for AA League Title

Boasting superb pitching and fine clutch hitting, the Panther nine captured a share of the Stark County AA Baseball league title. An admirable 6-2 league record won the Panthers a tie with Jackson for the crown, even though the Perry team had previously wiped out Jackson twice during the season.

Reaping the benefits from past years, Coach Don Cable produced a topnotch pitching staff of seniors, Tom Reigle (2-0), Dick Fink (4-1), and Ken Hartwick (3-3). The hitting was equally topnotch. Ray Lazor led in that department with a 381 batting average.

Besides winning a share for the AA Crown, the Panther baseballers advanced into the district finals in the Stark County Class AA tournament. From there, they brought home the runner-up trophy after the Lehman Polar Bears pulled in a run in the fifth inning to squeeze out the win and championship.

This year's baseball team and its overall record of 9-4 symbolizes the considerable advancement in athletics here at Perry.

Tracksters Win Two Meets; Slash Ten Records

Under newly hired coaches Jerry Wampfler and Tom Winkhart, a stimulating interest was taken in the Perry High Track squad. Sparked by an overwhelming will to win, the Panther cindermen shattered 10 of the 14 standing school records and triumphed in two meets. It was an inspired aggregation that scampered over Fairless 71-47 and Minerva 61-48.

Hampered by the lack of track facilities and continuing adverse weather conditions, the Perry tracksters still managed to break existing records and hold their own against top county opponents.

The following participants topped previous records: Dick Nelson, high jump; Ron Schuler, broad jump; Larry Ivey, 220-yard dash; Richard Hoy, mile run; Bill Kaylor, Frank Consentino, Jack Tucker, Ron Kaylor, mile relay; Dick Nelson, Dan Hoffman, Larry Ivey, Ron Schuler, 880-yard relay; Ron Kaylor, 120-yard high hurdles; Doug Stewart, 180-yard low hurdles; Jim Cochrane, shot put; Ron Kaylor, pole vault. None of these achievements could have been accomplished without the fine coaching efforts displayed by Coaches Wampfler and Winkhart.

In the light of past achievements and the completion of Perry's new track facilities, the school and the community can look forward to bigger and better accomplishments from the cindermen at Perry High.

Gridders Snare Co-Championship Post 8-2 Season

This year's Perry football team, displaying the desire, determination, and discipline that are so necessary in a winning football team, copped a share with Canton South for the Stark County Class AA League Title. With ten returning lettermen Coach Jerry Wampfler and his newly hired assistants, Ron Isgro, Roger Seisel and Dave Moreno were able to mold this year's team into an outstanding one that will be remembered for some years to come. Behind the hard running of award winning Dick Nelson, the Panther eleven won three out of four league games—the only loss came at the hands of the sometime hot sometime cold Glenwood Eagles. But the high point of the season was the defeat handed to a highly favored Jackson squad. This was the initial win over a Jackson football team for the up and coming Perry Panthers.

Adding further acclaim to the already fine season, Dick Nelson, senior fullback; Jerry Updegraff, senior tackle and Ed Nelson, senior guard received deserving positions on the All County AA League first team. Senior quarterback Rob Hoffman and senior end Jurgen Dominik received honorable mentions.

When representatives were chosen for the All County eleven, Perry had two players on the Second team—Jerry Updegraff and Dick Nelson who missed the first team spot by a mere one point.

Again reaping the laurels Dick Nelson was voted the most valuable player and received this award at the Adult Booster Club's Second Annual Football Awards Banquet held at the Richville Grange. This is the second year in a row for Dick who was commended by Coach Wampfler as "the best fullback Perry ever had. In fact he is the best fullback in the area." Linebacker Ed Nelson won the best defensive back trophy, quarterback Rob Hoffman was best offensive back, tackle Jerry Updegraff best defensive lineman and end Jurgen Dominik best offensive lineman.

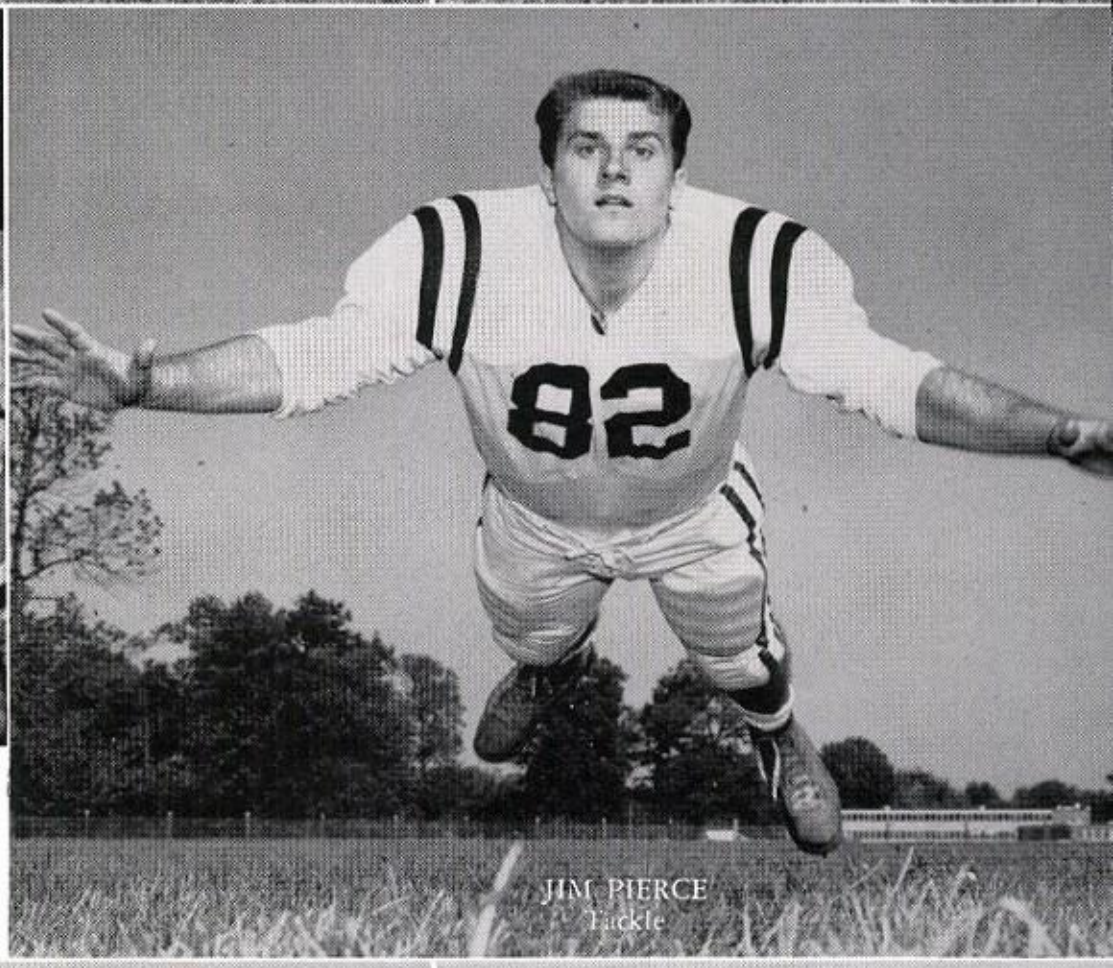
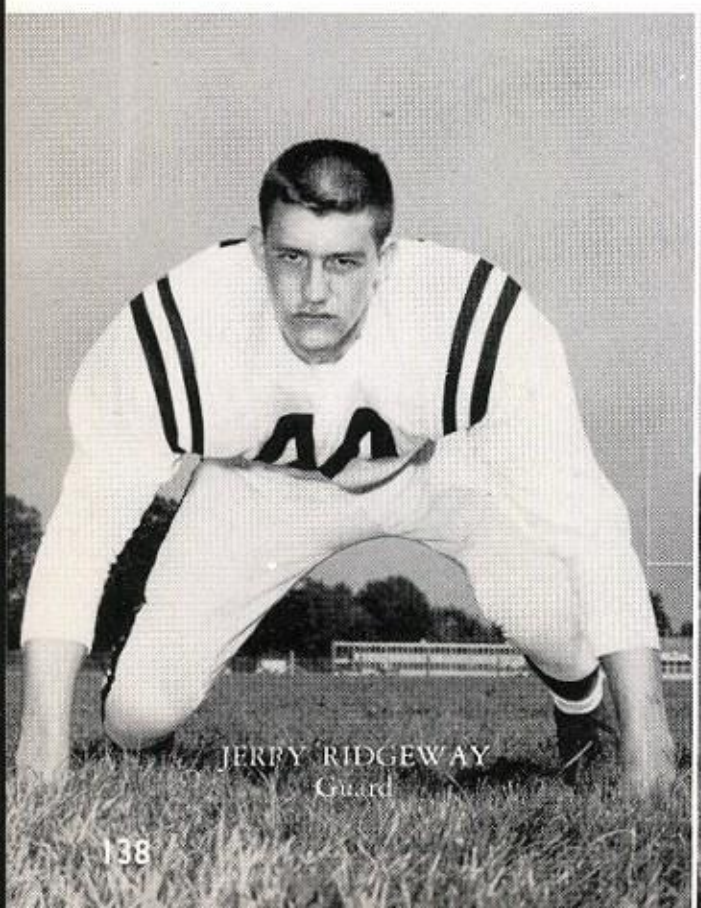
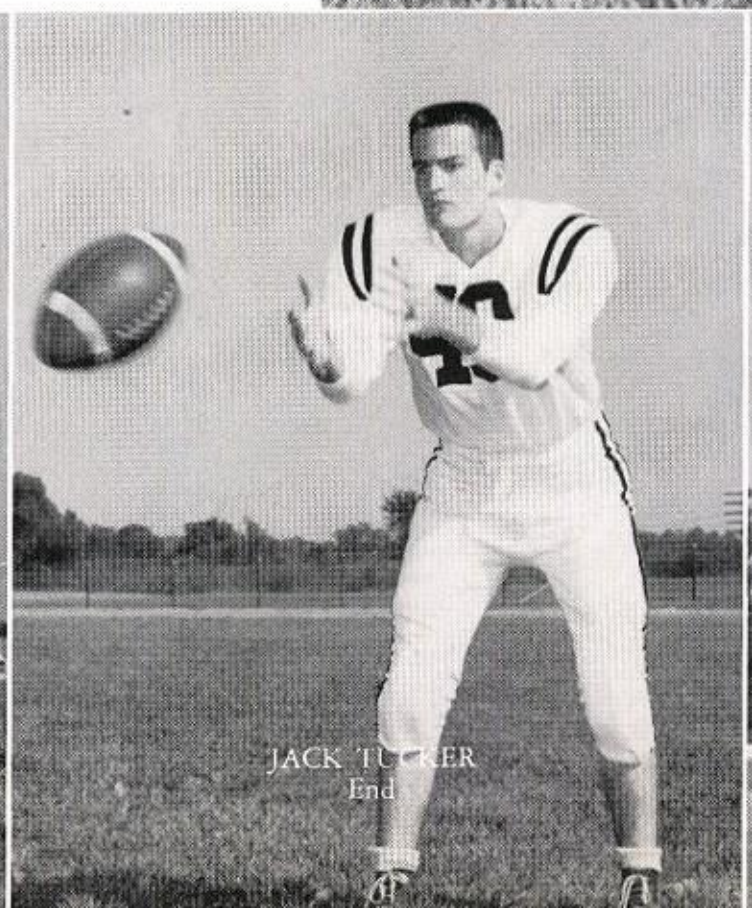
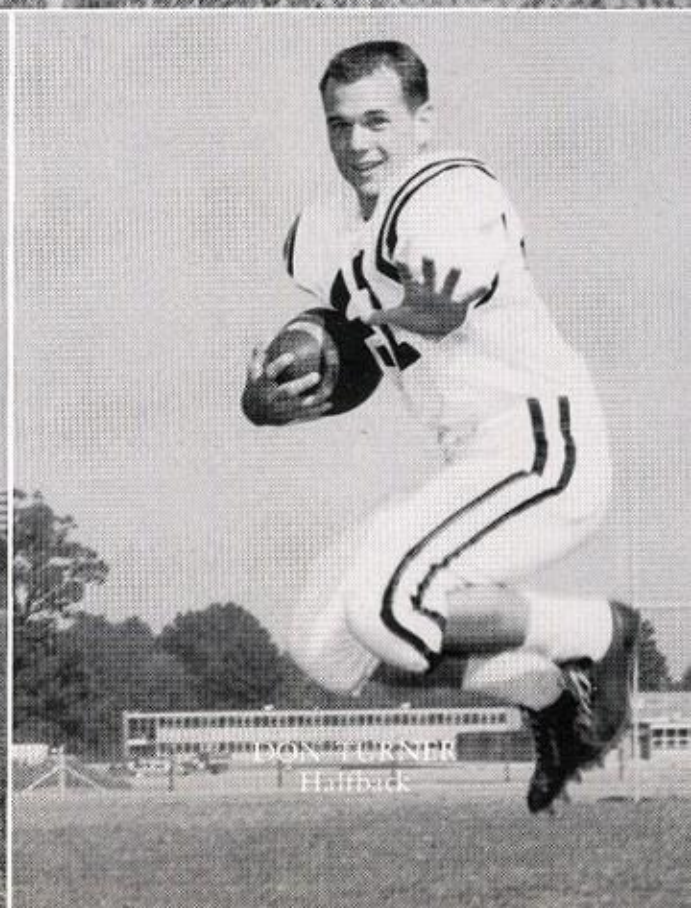
Right Half Bill Kaylor Scores six points in the Uhrichsville encounter.







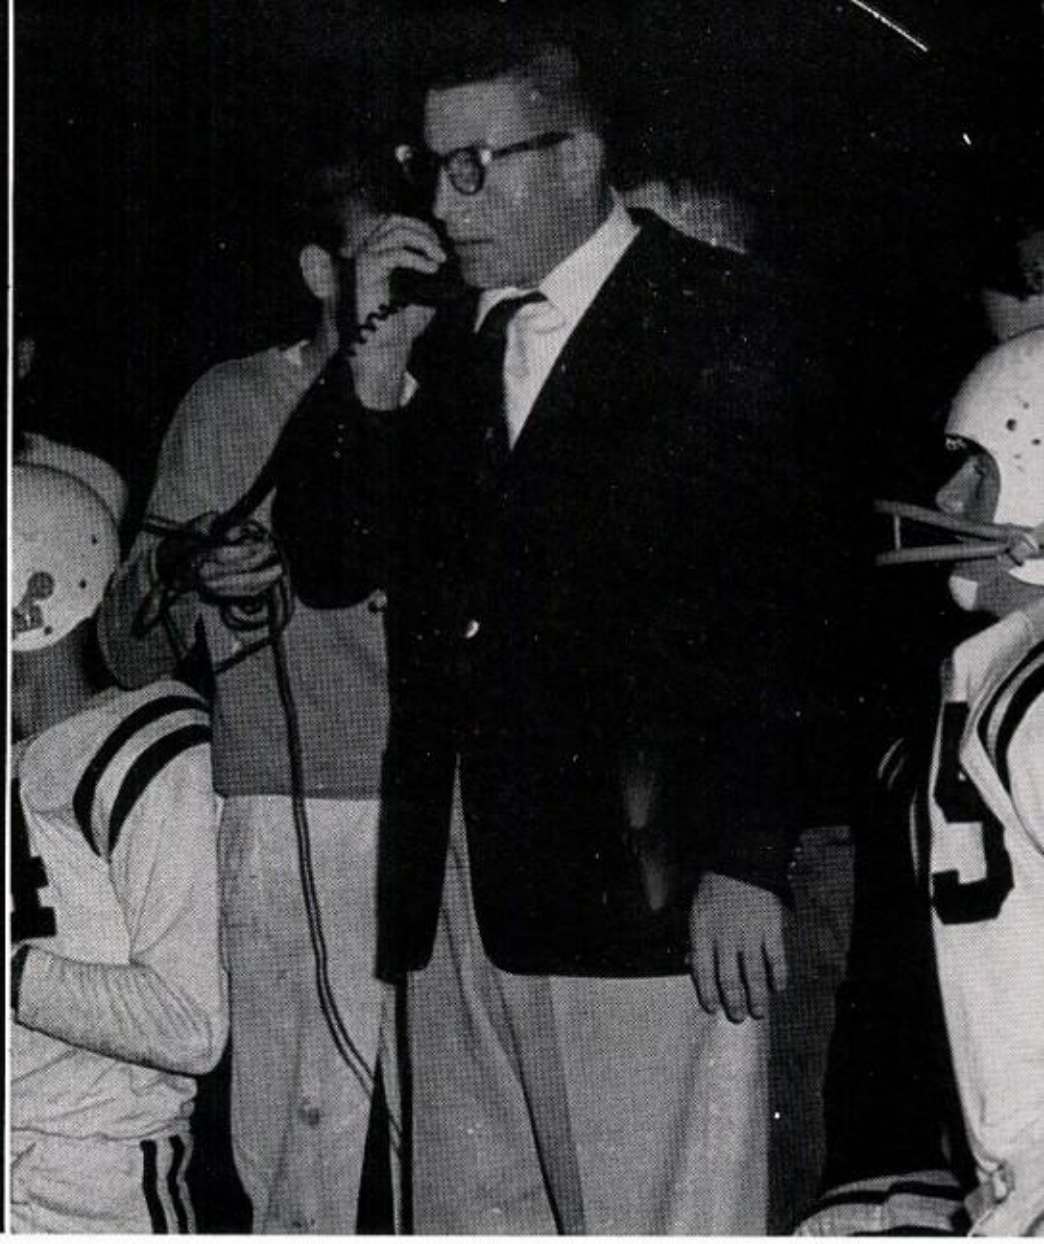


Insuring the Vikings' 16-6 victory, North Canton's Gary Neuman foils a goal line charge staged by Dick Nelson.

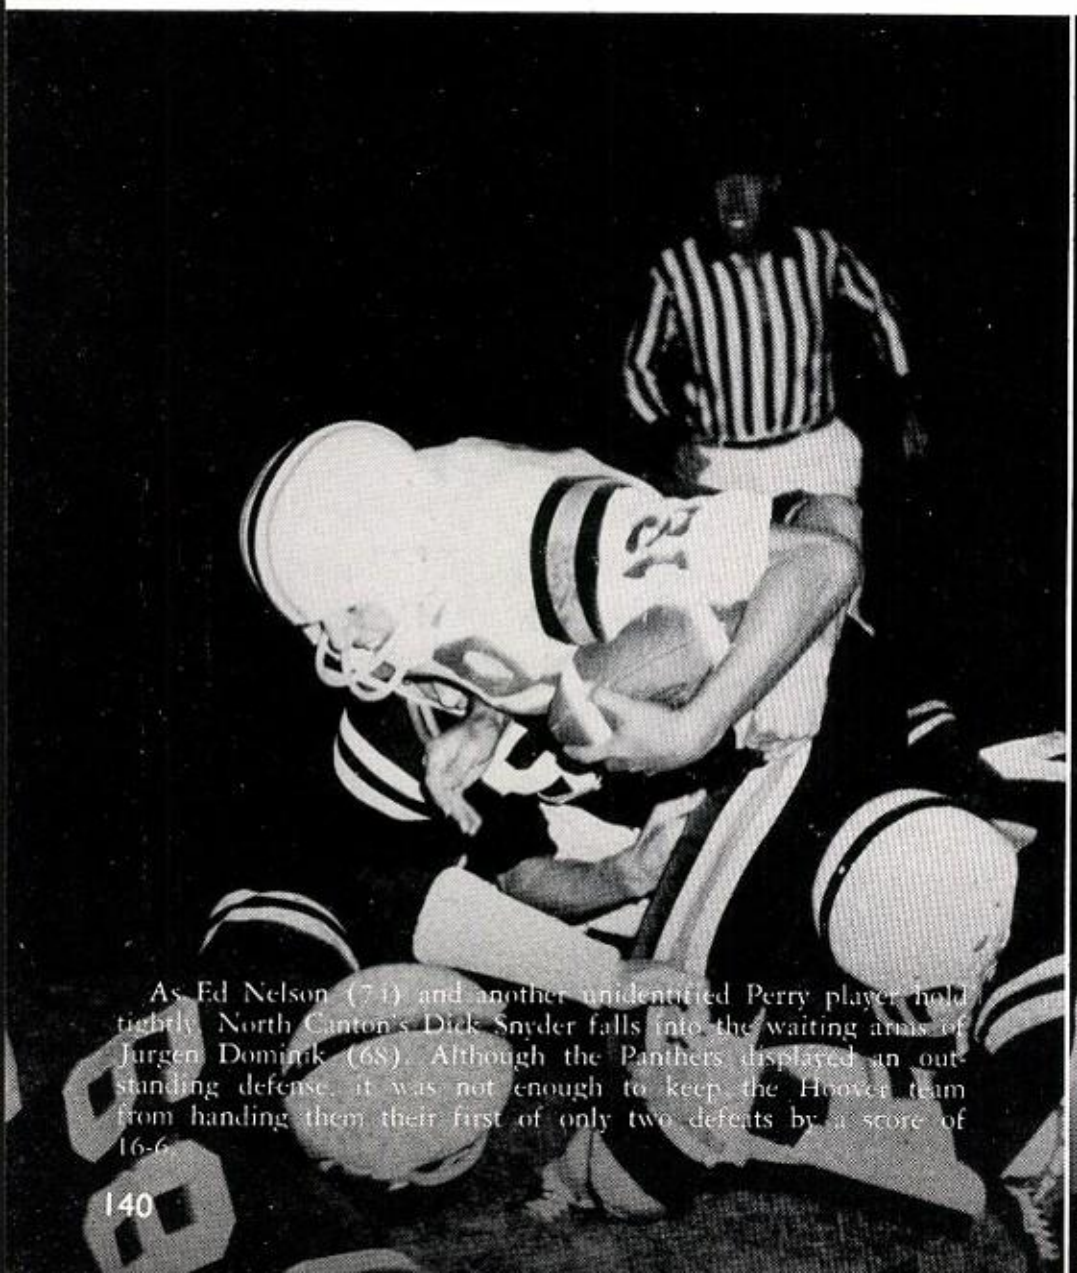
Senior Dan Frenz gives a mighty roar as he attempts to plow through Sandy Valley's John Kelly for additional yardage. Fired with the same determination exhibited by Dan, the Panther eleven went on to beat their one-time coach Tom Winkhart by the score of 38-6.

Senior quarterback Robbie Hartman (50) shows encouragement to Junior Bill Gravius as he shakes off one tackler and prepares to plow through two more opponents to score the touchdown which gave the Panthers their first victory over highly touted Jackson by a score of 8-6.

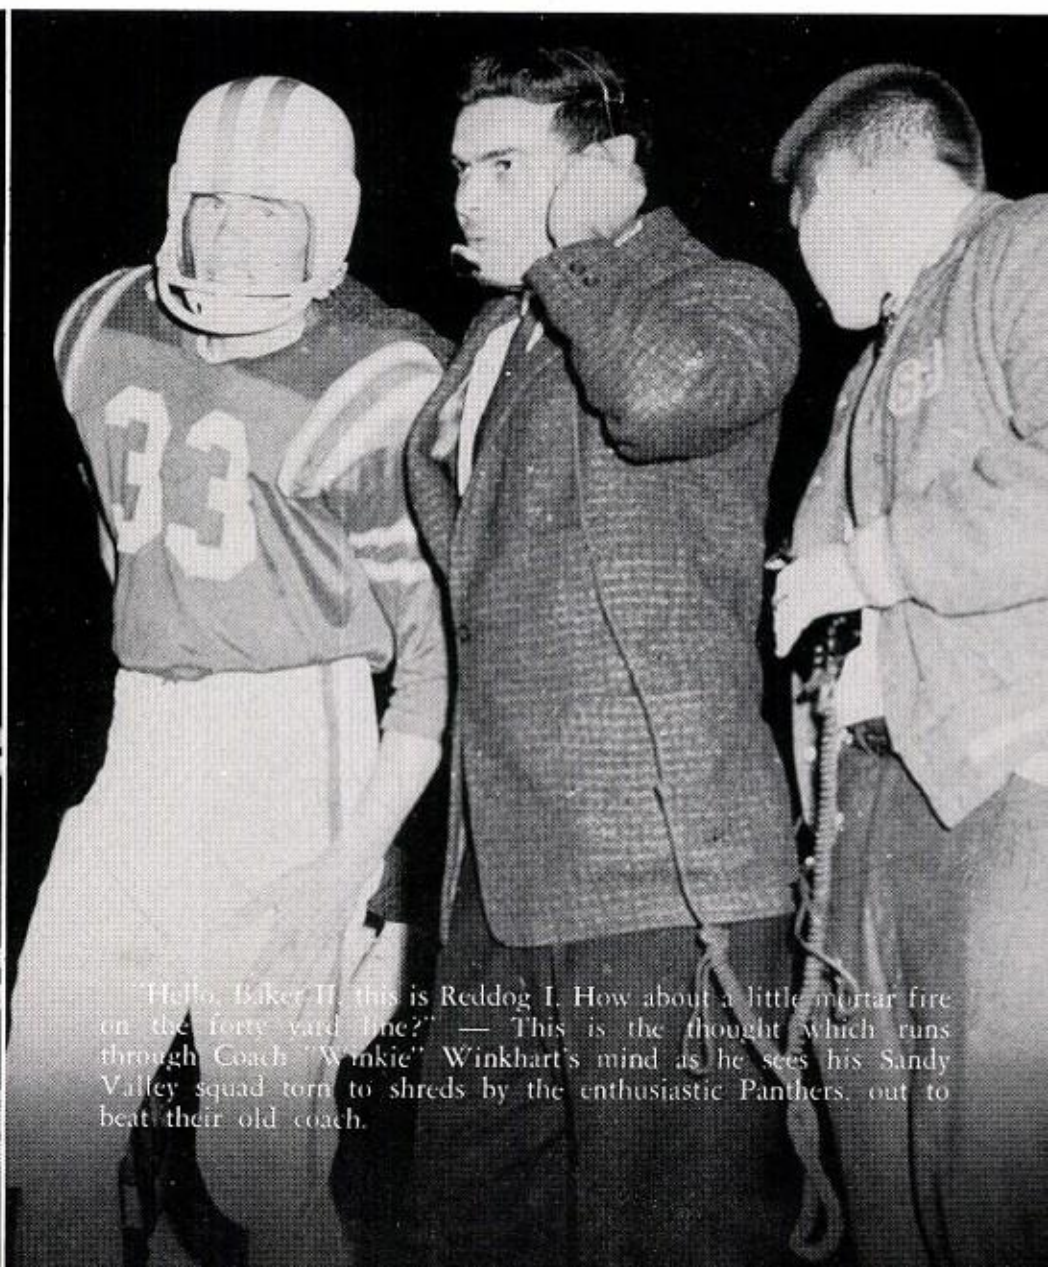
Coaches Wampfler and Siesel get a bird's eye view of the action during the Canton South game by perching precariously on two rickety ladders lashed to a light pole.



"Listen, Sally, how many times have I told you not to call me when I'm working?" — Actually Coach Isgro is keeping in touch with his "spotters" who are reporting their version of the game from their perches, high above the action.



As Ed Nelson (74) and another unidentified Perry player hold tightly, North Canton's Dick Snyder falls into the waiting arms of Jurgen Dominik (68). Although the Panthers displayed an outstanding defense, it was not enough to keep the Hoover team from handing them their first of only two defeats by a score of 16-6.



"Hello, Baker II, this is Reddog I. How about a little mortar fire on the forty yard line?" — This is the thought which runs through Coach "Winkie" Winkhart's mind as he sees his Sandy Valley squad torn to shreds by the enthusiastic Panthers, out to beat their old coach.

Coach Jerry Wampfler expresses his views on the "BIG" game—Perry versus Glenwood—at the bonfire pep rally. It was a cold night, but that didn't cut the spirit which was fired by the biggest bonfire yet! The senior class sponsored the affair.

Cagers Start Fast Finish Out of Form

Promising a more than successful season, the experienced, talented, Panther hoopsters jumped to a grand beginning and proved they could play under pressure by winning the first two contests by cliff-hanging scores. Their two losses early in the season could have been won with a little luck, for these games were lost by only two points.

Sparked by four returning lettermen and two experienced junior reservists, the Perry varsity played superb ball the first half of the season, at one stage in the year boasting a 9-3 record. All three of these losses were by a margin of no more than two points. By half-way mark Perry was in first place in the County AA league, breezing to what Coach Don Cable, students, and the enthusiastic, loyal, home fans thought would be the best season in the history of the school. Sports writers were picking this strong Panther quintet as the team to beat in the AA league, and, at one point in the season, Perry was ranked in the state AP Poll.

But as someone once said, "All good things must come to an end," and the team that was picked to beat was getting beat. After a poorly played game at Lake High School in which buckets were harder to get than mustard out of a catsup bottle, the team seemed to lack ball handling ability and over-all consistency. Despite this, however, the best played game, according to Coach Don Cable, came in the latter part of the season against a highly favored Dover five. Trailing 20-25 at half-time, the Panthers outscored Dover 19-7 in the third quarter and displayed remarkable finesse in downing the visitors 52-48.

As it seemed from then on, the Panther cagers ran out of gas. Although this season no one was seriously injured, the pesky flu bug took its toll of the squad and some games late in the season were played without full strength.

Leading in the season scoring and shooting percentage was junior Don Keefer (249), (40.4%). Leading rebounder was also a junior; Dave Burwell had 216. Seniors Jim Sabin and Dick Nelson tied for assists with 31 apiece. The season record stood at ten wins and eight losses at tournament time.

Panthers Almost Upset South in Tourney Play

An upset minded Panther quintet almost spilled the puffed up Canton South Wildcats before 3,500 wild fans at Canton Memorial auditorium on a rain and wind swept February 27. It took a three minute overtime period for the Wildcats to emerge victorious 59-55.

In the last four seconds of regular play, senior Dick Nelson connected with a long side court shot which was set up by Coach Don Cable. As the game went into overtime, the wild ecstatic Perry fans were jubilant with the thought of beating South which had previously dumped their team in two previous encounters. But the taste of victory was short, for the Panthers failed to score in the overtime while South's Wildcats pumped in two foul shots and one field goal which clinched the game.

In the first tournament game, the Perry Panthers overpowered a determined Fairless five and won the game 56-44. Perry led all the way; but the game wasn't as easy as the score indicates. Tournament play always has the teams keyed up and this game was no exception.

The first stepping stone was to no avail, since the Panthers bowed out of the tourney in their second game.

Wrestling Is Introduced Into Sports Program

One of the most grueling sports still existing in the world today was introduced into the Perry athletic program this year. Assuming the position of wrestling mentor, Ron Isgro, backed by the board of education, initiated the sport to twenty-four determined wrestlers.

Coach Isgro, who wrestled on the college level at his alma mater, Bowling Green, stated that since it is almost impossible for anyone to learn and master the fundamentals of wrestling in one season, only juniors and sophomores were permitted to participate.

The basic purpose of the past year's performance was to gain the needed experience and conditioning necessary for future matches. Mr. Isgro accentuated the fact that the secret to a successful wrestler is not entirely dependent on strength alone, but rather a combination of speed, conditioning, and strength.

Wrestling on the high school level is considered beneficial for this reason: It gives the boy who ordinarily is too small for other sports an opportunity for athletic participation, since there is a weight class that is suitable to every participant.

Douglass Determines Photogenic Winners On KYW Television

While thousands of television views watched, Cleveland's TV personality Mike Douglass selected the winners of the Mr. and Miss Photogenic contest, generally the highlight of each year's *Clock*.

Barbara Jones, for the second time, was selected Miss Photogenic, and Gary Morris was selected Mr. Photogenic. The winners were announced on the February 12 telecast from KYW's studios.

Assisting Mr. Douglass in the decision was TV Personality and comedienne Pat Carroll who quipped, "All those good looks, and they're probably rotten students!"

Also assisting in the judging was the nationally known vocal group, The Kirby Stone Four.

KYW's Mike Douglass is seen on a TV set reading the cover letter from Chuck Arbuckle, *Clock* editor, who asked the video personality to judge this year's contest.

Troup and Pluto, the official photographers for *The Clock,* this year selected the preliminary slate of candidates for the Mr. and Miss Photogenic contest. After their selections were made, the slate of sixteen hopefuls were asked to submit their best photos which were then displayed in the office for the benefit of the teachers who selected the finalists.

Because of a tie in the faculty voting procedure, five candidates for the Miss Photogenic contest were nominated instead of the usual four.

Seventeen Magazine, originally scheduled by the yearbook staff to do the final judging, refused to do so because of policy. The photos were then sent to Cleveland's KYW where Mike Douglass and the other personalities judged the photos on TV. Consequently for the first time in the brief history of this yearbook contest, the winners were divulged before publication.

Dear Mr. Arbuckle:

It was my pleasure to pick the winners of the Photogentic Contest for your high school yearbook.

As you may know, we put all the pictures on the air and today (Monday) we showed the winners to our audience. The girl we selected was Barb Jones, the boy selected wasGary Morris.

Needless to say, the choice was a very difficult one as each deserves to be selected.

Once again my sincere thanks for being selected to judge your contest.

All my best,

To whom it may concern:

An established tradition of our high school yearbook, The Clock, is our Photogenic Contest. In this contest boys and girls are chosen for their photogenic qualities.

The finalists' pictures are then submitted to renown individuals or organizations for judging. Previous judges have been Universal International Film Studios, Hollywood agent Nat Goodman, and KYW personality Big Wilson. This year the Clock staff has chosen you, Mr. Douglas to do our judging. We would be very honored to have you select our Mr. and Miss Photogenic.

The nine finalists' photographs are enclosed with proper identification on the back of each. We would like to have you return the pictures with your decision within ten [10] days so that we can meet our publisher's deadline.

Thank you for your help and cooperation. We are confident that your decision will be an excellent one. Please include a cover letter and a picture of yourself. We wish to use these in the layout of our book.

Return postage is enclosed.

Photogenic Finalists

Yearbook staff members knew that this would happen. However, they felt that the publicity Perry High would get out of the TV show was well-worth the loss of the usual prevailing anxiety to learn the identity of Mr. and Mrs. Photogenic.

On Thursday evening, February 8, Principal Robert E. Flanders received a phone call from KYW informing him that Douglass would show the pictures on TV the following day. Mr. Douglass did just that. As he showed each picture, he flowed with superlatives. "Aren't they beautiful?" he asked. "They're such nice looking kids!" he exclaimed.

The small handful of students who were able to view the program burst into applause at each compliment, as if to thank him for his praise.

In 1899, the first car equipped with Timken® bearings took to the road. Today, every American make of car but one rolls on Timken tapered roller bearings.

Everything's changed but the name on the bearings

And there's a new kind of bearing in today's power cars. It's the latest step in Timken bearing engineers' drawing board to drawing board partnership with the auto industry. It's a smaller, lighter bearing to cut unsprung weight. A more uniformly precise bearing to cut warranty costs. Capacity packed to take the heavier loads of today's luxury cars. These bearings are made of the finest bearing quality alloy steel available. And we know steel. We've been in the steel business for 45 years. In fact, we've developed and manufactured steel for the transmissions and other vital parts in many of today's cars. Furthermore, Timken removable rock bits are helping to build America's highways for America's automobiles.

Timken Company employees have an important part in the success and progress of the automotive industry. In keeping millions of cars, trucks and buses rolling trouble-free, in giving you economical, carefree driving, mile after mile after mile.
